- 1.0 Pre-K teacher assistant ( $6 \mathrm{Hrs} /$ day ) is to be assigned to each Pre-K classroom.
- Staffing allocation exchange guidelines:

1. No instructional allocation can be moved into a non-instructional area.
2. All changes are for the current school year only.
3. All changes must be reviewed and approved by the Instructional Leadership Director (ILD).
4. In situations where a teacher allocation is being exchanged for teacher assistant allocations or vice versa, the exchange rate is 1.0 teacher to 3.0 ( 6 hr .) teacher assistants.
5. All exchanges must be processed with the submission of an "Addition" Staff Allocation Requisition Form and a "Deletion" Staff Allocation Requisition Form.

- Each grade within an elementary site will be allocated separately.
- Guidelines for allocating enrichment staff at elementary schools:

| \# of Teachers | Enrichment Staff |
| :--- | :---: |

- All elementary schools are required to utilize their enrichment staff to provide Art, Music and P.E.

## SCHEDULE FOR DETERMINING INSTRUCTIONAL ALLOCATIONS

- The Office of Accountability surveys school sites requesting input regarding the development of the sites' Membership Forecast for the upcoming year.
- Principals and Instructional Leadership Directors review the projected membership and provide feedback to the Office of Accountability.
- The Office of Accountability compiles the forecast taking into consideration program and boundary changes as well as district population changes.
- The Office of Accountability publishes an official forecast of the district's membership for the upcoming school year.
- The district's initial elementary instructional allocations are based on maximum class-sizes.
- The district's initial secondary instructional allocations equal the projected student count of a site divided by the current allocation factor.
- The final date for determining allocations based on membership, including Special Education, will be on approximately the $10^{\text {th }}$ day of school for individual sites. Over-staffed allocations will be reassigned at that time.
- After the official staffing in the fall, any allocation changes must be processed and approved by using an Allocation Requisition Form. This form is available at: http://insidetps.tulsaschools.org/budget-office/

## OPERATIONS STAFFING

## CHILD NUTRITION STAFFING GUIDELINES

School cafeteria staffing is based upon a plan that recognizes different factors, such as revenue, number of meals served and the type of operation. The foundation of the plan is meals per labor hour. The actual number of reimbursable meals and local income are calculated into equivalent meals and divided by the number of labor hours, which produces meals per labor hour. The meals per labor hour are reviewed monthly and compared to targeted meals per labor hour. Targeted meals per labor are based on past performance, menu production and continuous improvement. Targets are evaluated yearly.

## Formula for Meals per Labor Hour

Reimbursable Meals (lunches + Breakfast/2 + Snack/3) + A la Carte Sales/by 2.7 = M.P.L.H.
A la Carte is the cash brought in from the sale of items at snack bars or additional items added to a reimbursable meal. Example: Chicken baskets, pizza slices, candy, chips and beverages.

The minimum targeted meals per labor hour for the 2016/2017 school year are as follows:
Elementary - 18
Secondary - 14
