 5. All exchanges must be processed with the submission of an "Addition" Staff Allocation Requisition Form and a "Deletion" Staff Allocation Requisition Form.
- Each grade within an elementary site will be allocated separately.
- Sites with a Dual Language Program running concurrently to a traditional program will have the Dual Language population staffed independently of the traditional program's instructional allocations.

- The District Office of Data Strategy and Analytics will publish an official forecast of the district's membership for the upcoming school year.
- The district's initial elementary instructional allocations will be based on maximum class-sizes.
- The district's initial secondary instructional allocations will equal the projected student count of a site divided by the current allocation factor.
- The final date for determining allocations based on membership, including Special Education, will be on approximately the 10th day of school for individual sites. Over-staffed allocations will be reassigned at that time.
- After the official staffing in the fall, any allocation changes must be processed and approved by using an Allocation Requisition Form. This form is available at: <http://insidetps.tulsaschools.org/budget-office/>

OPERATIONS STAFFING

CHILD NUTRITION STAFFING GUIDELINES

School cafeteria staffing is based upon a plan that recognizes different factors, such as revenue, number of meals served and the type of operation. The foundation of the plan is meals per labor hour. The actual number of reimbursable meals and local income are calculated into equivalent meals and divided by the number of labor hours, which produces meals per labor hour. The meals per labor hour are reviewed monthly and compared to targeted meals per labor hour. Targeted meals per labor are based on past performance, menu production and continuous improvement. Targets are evaluated yearly.

Formula for Meals per Labor Hour

Reimbursable Meals (lunches + Breakfast/2 + Snack/3) + A la Carte Sales + Contract Meal Sales/by 3.01= M.P.L.H.

A la Carte is the cash brought in from the sale of items at snack bars or additional items added to a reimbursable meal or meals sold that do not meet reimbursable meal requirements: entrée items, chips and beverages.

The minimum targeted meals per labor hour for the 2017/2018 school year are as follows:

Elementary Target: 14-18 with the exception of sites with less than 200 meal equivalents

Secondary Target: 14 with the exception of sites with less than 200 meal equivalents

Up to 100 meal equivalents = 10
101 - 150 meal equivalents = 11
151 - 200 meal equivalents = 12
201 - 300 meal equivalents = 14
301 - 400 meal equivalents = 15
401 - 500 meal equivalents = 16
501 - 600 meal equivalents = 17
601 - 700 meal equivalents or above= 18
