YMCA SUMMER GO 2018

- What is the YMCA Summer GO Program?

The YMCA Summer GO (Graduate Oklahoma) program is a FREE program that operates in select TPS summer school sites beginning at 12:30pm and ending at 4:45pm. The program will focus on movement, nutrition, math, literacy and STE(A)M, and will host a variety of local organizations that will provide specialty programming such as arts & music education, dance instruction, and many others!

- When is the YMCA Summer GO Program?

The YMCA Summer GO program runs the same dates as TPS summer school; Monday through Friday starting on June 25 and ending July 20 beginning at 12:30 pm and ending at 4:45pm. *There will be no summer school or YMCA Summer GO program on July 4.

- Where is the YMCA Summer GO Program?

The YMCA Summer GO program will be held in the buildings of four summer school sites: Celia Clinton, Clinton West, Gilcrease, and Wright elementary schools. The program will operate in the same school building where students attend summer school. Students will NOT be transported to a YMCA facility.

- Who can be in the YMCA Summer GO Program?

Any student who is enrolled in summer school can register for the Summer GO program. Limited spots are available and registration is on a first-come, first-served basis. YMCA will communicate registration status through the district in the month of May.

- How do I enroll my student in the YMCA Summer GO Program?

Fill out the attached registration form and turn in to your school's summer school coordinator. You will be notified by the YMCA through the school if your student is enrolled, or if they are waitlisted.

- How do I pick up my student from the YCMA Summer GO Program?

Parents, guardians, and those listed as authorized pick-ups on the registration form must present a current photo ID. A student will not be released unless the person picking up the student is listed as an authorized pick-up and has a current photo ID. This policy is for the safety of the students.

- Why the YMCA Summer GO Program?

Our program also helps students stay active and learn about making healthy lifestyle choices, as well as getting exposure to artforms and unique activities that help kids grow. In short, improving youth peoples' lives are why we're here!
